phcann.de

PharmCann Deutschland AG is part of Phcann International group of companies dedicated to the cultivation and distribution of high-quality medical cannabis products.

Founded in Munich in September 2019, we operate from Bad Salzungen, Thuringia. Located in the geographic center of Germany, we handle the import, approval, and distribution of medical cannabis extracts for the German market.

Our mission: We supply the German market with the highest quality medicinal cannabis products.
